# Graduate Portal

## Welcome to Graduate Portal!

This portal allows Graduate Assistants (GA) to communicate with the University's Human Resources (UHR) and supervisors. This portal will be an information repository for initial employee onboarding and for the duration of GA employment.

### Start Here

To get started, click on the [Onboarding Material](#) link in the menu on the left and complete the all the modules. We have prepared this online orientation to introduce you to the GA and highlight some resources we offer to support your GA journey!

### Find Your Course

Once you complete all of the modules, you can find your course within [People](#) section, in which you can ask course-related questions with current or previous GA.

### Discussions

You will find the discussions section in two places: the Main page(the page you are currently at) and the [People](#) page. For general, not course-specific questions, please go to the [Discussions](#) link in the menu on the left. As for the course-specific questions, please leave your questions or comments on the discussions page under the [People](#) section.

Please notice that it is not allowed to reveal student's name in any discussion thread, and please focus more on day-to-day task instead of specific student's problems.

As always, if you have any questions, please reach out to admin at [graduateportal@umd.edu](mailto:graduateportal@umd.edu) or through direct message!

Again, welcome, and Go Grad Terps!
